

Various ICT Tasters (Information and Communication Technology)

INTRODUCTION

These fun and learner-friendly short courses are designed to give people an introduction to computers and their uses. They have been developed specifically for people who have never used a computer before or seldom use one. This course aims to overcome any worries you may have about using computers.

The courses can include:

- Introduction to the Mouse and Keyboard and how to use it.
- An Introduction to Internet and Email
- An Introduction to using different types of Software and much more...

HOW LONG WILL IT TAKE

2-3 hours.

ENTRY QUALIFICATIONS

Anyone can do the taster course – no experience of computers is needed.

WHERE COULD IT LEAD

At the end of the taster session staff will talk to you about the choice of computer courses we offer beginners.

FEES

£7.50 - concessions apply. Please ask for details.

ADDITIONAL INFORMATION

Where courses last for more than one year, only the first year's fees are shown
